Description: The company is a member Texas Association of Broadcasters. The Texas Broadcast Education Foundation is an arm of the TAB. A member of our staff is past Chairman of the organization and participates in the selection of the scholarship awards. Year: 2016-17 Activity: Employee Training

Description: As a small market with University student population from four colleges, we find it much easier to recruit and train entry-level employees than convince people in other markets to move to our town. Because of this fact, we've instituted a training program that allows the people we've already hired to move up into positions of responsibility at the stations. Our programs are a mixture of internal and external training.

In past years we have promoted a part-time traffic assistant to begin full time

work scheduling commercials. Another part-time student worker was promoted to

full time employment at the stations. We encourage shadowing current full-time

We offer an open opportunity for any of our promotional assistants, part-time

announcers, and office interns to move onto a track that provides skills and training for

full time employment at the stations. We encourage shadowing current full-time

employees. We pay for staff to attend conventions for exposure to issues in

broadcasting. In the relevant period we paid for 6 members of our staff to attend

broadcast conventions.
